### **Exploring the Everyday**

This week spend some time exploring your apartment or a place that you spend a lot of time hanging out. Take 20 (or more) photos thinking about how you would describe the objects, the place, the people and whatever you think is interesting about that spot to someone else. The trick is to stay within that place and only go 10 feet beyond the door to take photos. (If you live at CUP, that's out your door and on the sidewalk just outside your apartment.) Think about making interesting compositions out of the ordinary. Choose the 5 that you like the best to share with the group.
